CORPORATION COMMISSION
DECISION NO. 70850.

Docket No. L-00000D-08-0330-00138

**APS NOTICE OF LODGING
NOTICE OF OPEN MEETING RE:
CEC 138**

APS gives notice that with this filing it is lodging in the docket a copy of the Notice of Open Meeting ("Notice") for the Arizona Corporation Commission Open Meeting to be held on May 12 and 13, 2015. Pursuant to Decision No. 70850, APS mailed the Notice to all landowners and residents within one mile of the project corridor announcing the time and place of the Open Meeting at which the Commission will consider APS's request for an extension of the CEC term for both the 500kV and 230kV circuits along with APS's request to amend the certificated corridor in four locations. A copy of the Notice is attached as Exhibit A.

RESPECTFULLY SUBMITTED this 5th day of May 2015.

EXHIBIT A

BEFORE THE ARIZONA CORPORATION COMMISSION
Docket No. L-00000D-08-0330-00138, Case 138
Sun Valley (TS-5) to Morgan (TS-9) 500/230-kV Transmission line

NOTICE OF OPEN MEETING

An Open Meeting will be held by the Arizona Corporation Commission ("Commission") regarding Arizona Public Service Company's (APS) request to extend the term of the Certificate of Environmental Compatibility (CEC) in the above referenced docket. In Decision No. 70850, the Commission granted APS authorization to construct approximately 39 miles of 500/230 kilovolt transmission lines from Buckeye to Lake Pleasant. APS has requested term extensions of five additional years for the in-service date of the 500 kilovolt circuit to 2021 and eleven additional years for the in-service date of the 230 kilovolt circuit of the transmission line to 2030. Proposed amendments to the CEC also include:

1. Arizona State Land Department (ASLD) Revised Proposed Corridor Modification (*See map on reverse*).

At ASLD's request, APS filed an amendment to relocate a four-mile segment of the Certificated Corridor. If approved, the relocation would move the corridor between 211th Avenue and 235th Avenue from the Joy Ranch Road alignment south one mile to the Cloud Road alignment. The corridor would begin at 235th Avenue and extend east along the Cloud Road alignment to a point between 219th and 218th Avenue at which point the corridor would angle northwest and end at a point that is one-half mile north of Cloud Road at the Maddock Road alignment. From this point, the corridor will extend north along 211th Avenue to the Joy Ranch Road alignment.

2. APS Proposed Corridor Modifications (*See map on reverse*).
 - *Near 179th Ave and Joy Ranch Road:* a corridor modification on State Trust land to reduce the number of poles required to construct the line, improving aesthetics and slightly reducing environmental impacts
 - *Near the Morgan Substation:* a corridor modification to allow for flexibility and a more efficient connection into the Morgan Substation
 - *Near the Sun Valley Substation:* a corridor modification for efficient use of existing rights-of-way by paralleling another 230kV line

The Open Meeting will be held at the Arizona Corporation Commission, 1200 West Washington Street, Phoenix, Arizona 85007, Hearing Room 1 on May 12 and 13, 2015 at 10:00 a.m.

More information is available at www.aps.com/siting. Questions on the project may be directed to Richard Stuhan, Siting Consultant Senior, APS Transmission and Facility Siting Department at 602-493-4448 or by email at richard.stuhan@aps.com. A copy of the Company's application is available on the internet via the Commission's website at www.azcc.gov using the eDocketfunction or at the Commission Office.
